Application for Funding (v.3)

This form is designed to assemble information about your organization/entity's proposed wood biomass heating system. This application is necessary for the Fund to determine if your project is suitable for Fund T-RECs pre-purchase. Please answer each question as fully as possible. Note: We are willing to consider all applications but we believe that units displacing 15,000 gallons of oil or more per year or 23,000 gallons of propane or more per year will most likely gain value from working with the Fund.

This completed application will be reviewed by an Advisory Committee and a recommendation for action will be provided to the U.S. Endowment for Forestry and Communities, which makes all final decisions.. After review, we will let you know if an offer of pre-purchase of T-RECs is available, and if so the pricing and timing of such an agreement. Thank you for applying for financing from the NH T-RECs Enterprise Fund.

1. Applicant Information		Contact Person for questions regarding this form:	
Name of Entity or Organization:		Name:	
		Title:	
Mailing address:		Phone:	
Town:	State:	Zip:	Fax:
County:		E-mail:	
Do you have an anticipated project completion date?		If so, what is it?	

2. The Facility and Proposed wood Biomass Heating System:

Please describe the facility(s) for which you are applying:

Size of proposed wood biomass boiler/furnace (ex. BTU, Kilowatts, Megawatts rated output):

Who is your engineer for the project or the vendor that will be installing the wood heating system?

Wood Fuel Type: Chips Pellets Estimated Yearly Fuel Amount (tons):

3. Project Cost and Financing:

What is the estimated capital cost for intallation of the wood biomass heating system?

Has some financing/funds been secured or set aside for the heating project? Yes No If yes, how much?

What is the source(s) of financing for the project secured to date?

4. Required Attachments:

- Please provide a map of the facility and/or Google aerial photo with the wood biomass heating location identified.
- Please provide a summary of your latest year's fuel use in units purchased (gallons of oil or propane).
- Please provide photos of current heating system and outside of building.
- Please provide a full description of proposed wood heating system including make, model and size of wood fuel appliance (boiler/furnace); contractor/vendor to install with their proposal/bid; and any bid specs you may have issued to solicit bids.

For each building(s) at your facility that you are contemplating wood heat for, complete the following page:

5. Questions about your Facility (complete this page for each building in your application) # of page 2

Name of building: _____ Type of Facility/Building (describe): _____

Year of Building Construction (approx.): _____ Is this building: Public Private

Size of building (square feet): _____

Is this bldg. heated with central boiler/furnace? <input type="checkbox"/> Yes <input type="checkbox"/> No	How is heat <u>generated</u> in this building? (check all that provide at least 20% of space heating)
Is this bldg heated with multiple boilers/furnaces? <input type="checkbox"/> Yes <input type="checkbox"/> No	
How is heat <u>delivered</u> to areas that need it in this building? (check all that apply)	
<input type="checkbox"/> Hot water	<input type="checkbox"/> Hot water boiler
<input type="checkbox"/> Steam	<input type="checkbox"/> Steam boiler
<input type="checkbox"/> Ducted air	<input type="checkbox"/> Hot air furnace
<input type="checkbox"/> Electric resistance	<input type="checkbox"/> Electric baseboard
	<input type="checkbox"/> Rooftop packaged units
	<input type="checkbox"/> Heat pumps

Is your domestic hot water provided by a different boiler than your space heat for this building? Y N

If your domestic hot water is provided by a different boiler or source than your space heat, please describe.

Fuel Type: _____ Amount of fuel used: _____

6. Authorized signature: The signature below is that of the person authorized to testify as to the accuracy of this application and has the legal authority to bind the organizing in contracts.

Signature _____ Date _____

Print Name _____ Title _____

Completed Applications mailed to: _____ or e-mailed to: _____

Innovative Natural Resource Solutions, LLC 37 Old Pound Road Antrim, NH 03440 (603) 588-3272	levesque@inrslc.com
---	---------------------

- Application check list. Please make sure you have done the following:**
1. Completed all application information.
 2. Included a sketch map/aerial photo of the building(s) location and heating appliance location.
 3. Included summary of your heating fuel cost for most recent year.
 4. Included photos of building(s) & heating appliances.
 5. Included signature and date from authorized personnel.

For Internal Use Only

Date reviewed _____ Approved: Yes No*

Notes: _____
